La necesidad de expresión crea al artista.
Una seductora condena que te lleva incesantemente a transformar la realidad.
Esa comunión entre tu mundo interior y el mundo exterior que te completa,
y donde cualquier mediocridad queda sublimada por la inspiración creadora.
Algo casi místico.
Intentas comunicarte con los demás -y contigo mismo- dibujando sonidos que crean colores.
Así nace esta música.
Bienvenidos a mi mundo sonoro particular, mi República Cromática, la vuestra.

The need for expression creates the artist.
A seductive sentence that ceaselessly leads you to transform reality.
That communion between your inner world and the outer world that completes you,
and where any mediocrity is sublimated by creative inspiration.
Something almost mystical.
You try to communicate with others -and with yourself- by drawing sounds which create colours.
Thus was born this music.
Welcome to my own world of sound, my Chromatic Republic, and yours.
